“

LOVE IT, LOVE IT, LOVE IT.

Looked at many, many other power lift chairs and decided this is the one for me. Very well made comfortable chair. For a person who is 6' 2" and 269 lbs., 65 years old with lower back problems, this chair is working great for me. I was able to get this chair sooner than any of the others I had looked

at, especially for the features I needed. Would highly recommend it for others such as myself and my wife likes it too! Was able to test one out at a local retailer with no pressure and that was great help in my decision making. Warranties are sensible for a lift recliner at this level of sophistication also. Highly recommend this recliner. Thanks for a great American made product such as this.
